RE: Please Grant FCC Approval of the InnoCaption App  
Created by Miracom for Smartphone Devices

Dear Secretary Dortch,

I am writing this letter as an individual who is deaf and has seen the Innocaption application demonstrated several times. It's impressive seeing this application in person as it provides up to the minute realtime captioning for people with hearing loss who have Smartphones.

I am not connected with Miracom or the InnoCaption product in any way. This InnoCaption product is just the app many Smartphone users with hearing loss have been looking for that can give them the freedom, security and mobility they need and want, but they need the FCC to approve it quickly so they can begin using it now. I urge the Commission to grant quick approval of this product for their use and independence.

Thank you for taking serious note of this request.

Sincerely,

Sheila Conlon Mentkowski
